

Radiator Hose Datasheet

Product Code: RC07148

Product Description

Our radiator hose is manufactured from ethylene propylene diene monomer (EPDM), and reinforced with a high tensile synthetic textile. The EPDM manufacture provides excellent resistance to heat, abrasion, ageing, weather, and ozone. This hose is designed for use in cooling systems of automotive and stationary industrial engines.

Colour:

Black, orange branding

Resistance:

Heat, abrasion, ageing, weather, ozone

Temperature Range:

-40°C to +125°C

Safety Factor:

3:1 at 20°C
