

Honeycomb Rubber Ring Mats Material Datasheet

Product Code: RC04100-O

Product Description

Our honeycomb rubber ring mats are a high quality, heavy duty flooring solution. They provide excellent physical properties as well as good resistance for use in a variety of demanding applications. The open aperture design of the matting moves debris and liquid away from the surface of the matting for quick and easy removal.

Technical Specification

Properties	Values
Material Composition	Natural Rubber / SBR
Matting Size	1m x 1.5m
Thickness	22mm
Weight	15.5kg
Hardness (Shore A)	60° +/- 5°
Tensile Strength	3.5 Mpa
Fire Resistance	Not recommended
Oil Resistance	Minimum resistance to salt water and oil
Eco-Safety	Biodegradable and recyclable
Working Temperature Range	-20°C to +130°
Recommended Maintenance	Wash with cold water, use vacuum cleaner or pressure pump to remove dirt. Use of hard detergents is not recommended

Potential Applications

Wear Resistant	Wear resistant surface	Outdoor Areas	Suitable for outdoor use
Soil Resistant	Resistant to soiling and stains	Dry Areas	Suitable for use in dry areas
Anti-Fatigue	Anti-fatigue protection	Wet Areas	Suitable for use in wet areas
Slip Resistnace	Slip resistance	Heavy Areas	Suitable for use in heavy use areas
